TERMS AND CONDITIONS FOR EXHIBITORS

1. Application

With his signature the exhibitor undertakes to accept these terms and conditions. The present application shall become binding on the exhibitor to participate in the trade show. Applications under reserve are meaningless. Deletions, additions, and changes by the exhibitor are invalid! Deadline for the application: 1 month before the trade show starts.

2. Rental Conditions

for stalls differ with each fair, each beginning ½ sqm will be calculated as 1 sqm. Prices are quoted on the front of this application form. The price per sqm in the open air for outdoor presentations is 50% of the indoor prices. Prices are exclusive of 20% VAT (for events within Austria) and exclusive of 1% contract tax (for applications within Austria). Each applicant pays a registration fee which is listed on the front page. This also applies to any co-exhibitor at a fair stand. As a co-exhibitor apply companies, which are not involved in percentage terms of the exhibiting (fill in the application / billing address).

3. Admission & Allocation & Data Protection

The organizer decides on the acceptability of the applicant. The organizer is entitled to refuse an application without justification. Applications may be refused by the organizer if the exhibitors' products do not fit into the profile of the fair, or if it is known that fees for other events are still outstanding or that any kind of insolvency hearing is pending against the applicant. The organizer has the exclusive right to allocate stands and to change stand locations at any time in the interest of the event. The organizer does not give exclusive rights to any exhibitor for his exhibited goods and services. Per event the terms and conditions for exhibitors are binding (this sheet). The applicant agrees to inform the organizer about his objective presentation format. The Entry in the exhibitor index is not an obligatory task of the organizer. The organizer does not undertake the liability for: misprints, typographical errors, syntactic errors, misclassification or missing entry's, etc. Furthermore it is not possible to reduce any invoices because of misprints, typographical errors, syntactic errors, misclassification or missing entry's, etc. In case of applications after printing the exhibitor index/ catalogue/ brochure (approx. 7 – 21 days before beginning of the event), the obligatory registration fee has to be paid in full! The obligatory entry in the brochure is not applicable from this date. The exhibitors agree for the organizers to process the stated data regarding company and personal data and to pass them on to third parties where if in the interest of the event (e.g. exhibitor catalogue: obtainable by each visitor, online exhibitor index). Deletions, additions, and changes need written form and have to be approved by the organizer. Bankruptcy sales or similar sales will not be permitted out of consideration for the other exhibitors. The execution of advertising activities outside the confines of the given stand is prohibited. Customers may not be approached either at an adjacent stand or at the entrance, at the cash desks or in the free area around the fair, in the interest of all exhibitors. In case of non-compliance the organizer gives a unique reminder. If the exhibitor repeats his/her behavior, the organizer has the right to block the whole booked exhibition space of the exhibitor for the duration of the show. The exhibitor has no right to refund any costs.

4. Terms and Conditions of Payment

6 weeks before the starting date of the fair. Invoices from this date on have to be paid promptly. Condition precedent for handing over the stand to the exhibitor is timely payment. For short-term applications the exhibitor has to provide a proof of the executing bank, which is titled with "transfer done" or "paid". The exhibitor is not authorized to postpone an account, refuse payment or balance an account because of any counter claims. If it is known that supplementary debits (power, advertisement, cashed voucher,...) for past events are still outstanding or any other bad payment behavior organizer is authorized, to levy a charge of € 300,- net additional with the stand account at least 8 weeks before the start date of the show. Final accounts will be balanced with the charge, still open accounts will be charged and any differences will be refunded. Exhibitors from non-EU countries will get the invoice about 50% of the surface and the registration fee immediately after the application without payment period offset (due promptly). If this amount is not received within 14 days to the bank account of the organizer, the announcement is not valid and the orders will be free for others. All services are invoiced with 20% VAT. 1% of the overall cost, including VAT, must be paid as a contract fee. Tariffs marked with * will be charged with 5% advertising tax. If payment is not affected within the deadline we will be obliged to invoice the current interest as well as any law enforcement costs (lawyer's fees if necessary). The rent and running costs cover the entire period of the event as well as from the organizer announced arrival and departure days.

5. Lien

In case of open accounts against the exhibitor, organizer has the legal and contractual lien on any of the exhibited goods, the stall and equipment of the exhibitor. It is not necessary to initiate a court procedure in order to exercise the lien. The organizers are authorized to execute the lien without prior notice and to sell the goods as customary in trade. Revenues are accumulated against the open account.

6. Exhibitor Quality Management

Exhibitors have to fit into the fair profile. In particular cases the organizer can grant an exception to this guideline.

7. Cancellation

If the exhibitor cancels his application, the following cancellation charges shall apply: 50% up to 10 weeks before the start date from the date of the application, 100% from 10 weeks before the start date of the event.

8. Realization

a) The organizer has the right to cancel the event up to 6 weeks before the start of the show. If the event is cancelled by the organizer, accounts already paid to the organizer will be refunded. In the case of any disaster beyond the organizers' control shortly before or during the event, the organizers have the right to cancel or interrupt the proceedings.

b) For reasons of a serious nature the organizer reserves the right to cancel the event, to shorten the event period, or if due to official regulations, respectively, for other compelling circumstances, to transfer or limit the area provided. In such a case the exhibitor retains no right to withdraw from the contract. For the previously mentioned reasons the exhibitor cannot submit claim for compensation against the organizer. After an appropriate assessment of the situation, any reimbursements will be made either in part, in total, or not at all.

c) The in the exhibitor information described "fair contents" e.g. advertisement, agenda, seminars, workshops, etc. can be changed individually by the organizer because of current factors.

9. Set up & Dismantling

The stand has to be ready for occupancy until 1 hour before the fair starts. Special information about erecting, dismantling and decorating, as well as regulations imposed by the proprietors of the buildings, have to be complied with by the exhibitor. Damages from disregarding the regulations are charged to the exhibitor by the organizer. Regulations specified by the organizers and other enterprises regarding the installation of the stall must be observed by all exhibitors, also the fire regulations and regulations set by the events authorities. Power and water supply can only be ordered at the organizer. The organizer only accepts concessionary companies. It is only allowed to use fire resisting materials. In general, only fire retardant materials are permitted. Driving within the exhibition compound is limited, special transport and heavy goods vehicles above 3.5 tonnes have to be registered with the organizers on application. Dismantling is only allowed after the official end of the exhibition. This applies also to removing decoration. Otherwise the exhibitor has to pay a penalty of € 500,-. According to the owners of the buildings exhibitors are not permitted to fix nails or screws into the wall or to damage the walls, wood or similar materials. Size of the stall areas: the organizers prescribe a minimum size (see front page).

10. Booth, Cleaning, and Exhibitor-ID

In order to comply with the general character of the exhibition, the exhibitor promises to keep his stall and the area around it in optically good and also in clean condition. Supervision of the compound and the stalls is regulated by the conditions of business. The stalls will not be cleaned by the organizer, but he/she will be responsible for cleaning the aisles and walkways between the stalls. The disposal of construction or dismantling waste, and remaining installation material of the show will be charged at the current rates (cleaning and waste disposal) of the respective fair. Where the car parks for exhibitors are not combined with the visitors' car parks, they have been laid out separately. We recommend the use of these in order to free up the visitors' car parks. Exhibition passes are not transferable and are solely to be used by the stall personnel. Contravening this regulation will entitle the organizer to the full entrance fee, in cash, per each exhibition pass. Surveillance of exhibition-area will be arranged according to the judgments of the organizer.

11. Responsibility and Compensation

The organizers are not obliged to pay for insurance and are not liable for any exhibits or decorations. The organizer does not take any responsibility for a possibly bad business development of the exhibitor. In the space fee there is no insurance included. Security staff from the organizer exists only during the official opening hours of the exhibition.

12. Exhibitor Advertisement

In cases where the exhibitor intends to advertise his products beyond his stall but within the exhibition area, it is imperative for him to obtain written permission from the organizers. This permission is liable to pay costs. Every exhibitor promises not to impair the presentation work of adjacent exhibitors and the organizers.

13. Filming and Photography

The organizer retains the right to take photographs and make films on the exhibition premises and to use such photographs and films for his own or for general publication. In this context, the exhibitor waives any related objections based on copyright. The exhibitor does not retain the right to make, or have made, any films, photographs, drawings or other depictions of exhibition stands and goods exhibited, other than his or her own.

14. General & additional Regulations

The invalidity of any individual fair conditions shall not affect the validity of the remaining provisions. These Trade Fair Terms and Conditions are also valid for all the other concluded agreements in this context between the exhibitor and the organizer. Notifications can be legally effectively addressed to the latest submitted address of the exhibitor. Amendments, additions and deletions as well as verbal agreements to this agreement shall not be valid unless in writing. Spoken agreements shall not be considered valid.
